

OUR HUMANE EDUCATION GUIDELINES WHEN VISITING A CLASSROOM, LIBRARY, OR PUBLIC SPACE:

Participants must be prepared upon our arrival with low voices and calm bodies

Participants must be respectful of our education animal by waiting until permitted to pet in an appropriate way instructed by our educator

The Educator may put the education animal away if the environment is deemed too loud, or if the animal is showing signs of distress

The Educator may cancel or reschedule program if weather conditions are deemed too hot or cold for the animal.

The Educator will only be visiting with scheduled classes or libraries. If other groups would like an animal visit they must sign up separately.

THANK YOU FOR HELPING TO KEEP OUR ANIMALS HAPPY, HEALTHY, AND SAFE!
